Certification target

Video consultations are basically defined as synchronous communication between a doctor and a patient known to him, via the technical equipment available to the patient (peer-to-peer), if necessary with assistance, e.g. by a reference person, in the sense of an online video consultation in real time, which the doctor can offer the patient.

The certification target in terms of the technical procedure for video consultation according to Annex 31b to the Bundesmantelvertrag-Ärzte (BMV-Ä) is:

- BeeHealthy Videosprechstunden-Funktion

It consists of the telemedical function: implementation of online video consultations. The evaluation covers the certification target, the conduction of the video consultation (medical consultation) and its termination.

Not part of the certification target to be considered are:

- All functions and data processing that are not part of the telemedical, synchronous peer-to-peer communication of the online video consultation service.
- Other functions of the applications, such as the chat function between doctor and patient and the administration for managing doctors and patients.

The operator of BeeHealthy Videosprechstunden-Funktion is the company:

- BeeHealthy Deutschland GmbH, Gervinusstraße 17, 60322 Frankfurt am Main, Germany

and its branches:

- no branches
